## A REFRESHING EVENING

Join more than 200 guests from Greater Boston as we celebrate the **20th anniversary of Conexions Evening**. North Suffolk Mental Health Association's intensive outpatient substance use program combines group therapy, individual therapy and pharmacology to introduce and support individuals to a recovery lifestyle.

This fun-filled evening will feature live music, ample hors d'oeuvres and refreshments, amazing views and a host of surprises. During the event we will honor alumni from the program who have worked tirelessly to build new lives, as well as the program's founders.
